Mission Statement

We provide world-class education with comprehensive support for people to live their God-given destiny.

Statement of Faith

The Millard College Statement of Faith is rooted in the historic Christian faith as summarized, but not entirely limited to, the following beliefs:

We believe the Bible to be the inspired, inerrant, only infallible, authoritative Word of God.

We believe that there is one God, eternally existent in three persons: Father, Son, and Holy Spirit.

We believe in the deity of our Lord Jesus Christ, in His virgin birth, in His sinless life, in His miracles, in His vicarious and atoning death through His shed blood, in His bodily resurrection, in His ascension to the right hand of the Father, and in His personal return in power and glory.

We believe that for the salvation of the lost and sinful people, regeneration by the Holy Spirit is absolutely essential.

We believe in the present ministry of the Holy Spirit, by whose indwelling, the Christian is enabled to live a Godly life.

We believe in the spiritual formation of believers by discipleship.

We believe in the resurrection of both the saved and the lost; they that are saved unto the resurrection of life and they that are lost unto the resurrection of damnation.

Institutional Objectives

1. Increase the development and offering of programs of instruction based on labor market data regarding regional and national needs.
2. Improve student achievement, enhance the assessment of student learning and utilize evidence to strengthen programs.

DIVERSITY

Equal Employment Opportunity Statement

The Millard College provides equal employment opportunities (EEO) to all employees and applicants for employment without regard to race, color, religion, gender, sexual orientation, gender identity, national origin, age, disability, genetic information, marital status, familial status, amnesty, or status as a covered veteran in accordance with applicable federal state and local laws. The Millard College complies with all applicable federal, state, and local laws governing

nondiscrimination in employment in every location in which the college has facilities. This policy applies to all terms and conditions of employment, including hiring, placement, promotion, termination, layoff, recall, transfer, leaves of absence, compensation, and training.

The Millard College expressly prohibits any form of unlawful employee harassment based on race, color, religion, gender, sexual orientation, national origin, age, genetic information, disability, or veteran status. Improper interference with the ability of The Millard College employees to perform their expected position duties is absolutely not tolerated.

Harassment Policy and Complaint Procedure

The Millard College is committed to a work environment in which all individuals are treated with respect and dignity. Each individual has the right to work in a professional atmosphere that promotes equal employment opportunities and prohibits unlawful discriminatory practices, including harassment. Therefore, The Millard College expects that all relationships among persons in the workplace will be professional, respectful, and free of bias, prejudice and harassment.

It is the policy of The Millard College to ensure equal employment opportunity without discrimination or harassment on the basis of race, color, religion, gender, sexual orientation, gender identity, national origin, age, disability, genetic information, marital status, familial status, amnesty, or status as a covered veteran. The Millard College prohibits any such discrimination or harassment.

The Millard College encourages reporting of all perceived incidents of discrimination or harassment experienced or witnessed by employees. It is the policy of The Millard College to promptly and thoroughly investigate all reports of discrimination or harassment. The Millard College strictly prohibits retaliation against any individual who reports discrimination or harassment or who participates in an investigation of such reports.

Definitions of Harassment

Sexual harassment constitutes discrimination and is illegal under federal, state, and local laws. For the purposes of this policy, sexual harassment is defined as it is in the Equal Employment Opportunity Commission Guideline, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when, for example a) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment; b) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or c) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

Sexual harassment may include a range of subtle and not-so-subtle behaviors and may involve individuals of the same or different gender. Depending on the circumstances, these behaviors may include unwanted sexual advances or requests for sexual favors; sexual jokes and innuendo; verbal abuse of a sexual nature; commentary about an individual's body, sexual

prowess, or sexual deficiencies; leering, whistling, or touching; insulting or obscene comments or gestures; display in the workplace of sexually suggestive objects or pictures; and other physical, verbal, or visual conduct of a sexual nature.

Harassment on the basis of any other protected characteristic is also strictly prohibited. Under this policy, harassment is verbal, written, or physical conduct that denigrates or shows hostility or aversion toward an individual because of his/her race, color, religion, gender, gender identity, sexual orientation, national origin, age, disability, marital status, familial status, citizenship, genetic information, or any other characteristic protected by law or that of his/her relatives, friends or associates, and that a) has the purpose or effect of creating an intimidating, hostile, or offensive work environment; b) has the purpose or effect of unreasonably interfering with an individual's work performance; or c) otherwise adversely affects an individual's employment opportunities.

Harassing conduct includes epithets, slurs, or negative stereotyping; threatening, intimidating, or hostile acts; denigrating jokes; and written or graphic material that denigrates or shows hostility or aversion toward an individual or group and that is placed on walls or elsewhere on the employer's premises or circulated in the workplace, on college time or using college equipment via email, phone (including voice messages), text messages, tweets, blogs, social networking sites or other means.

Individuals and Conduct Covered

These policies apply to all applicants, employees and contractors and all conduct whether engaged in by fellow employees or third-parties to The Millard College, including but not limited to, visitors, volunteers, vendors, and consultants.

Conduct prohibited by these policies is unacceptable in the workplace and in any work-related setting outside the workplace, such as during business trips, business meetings and business-related social events whether during the execution of the actual event or during after-hours activities while on college related travel. Furthermore, all individuals covered by this policy should understand that as employees they represent the college during work related trips and events and their personal conduct should always adhere to the same basic principles and standards as those in use in a college owned workplace.

Complaint Process

Individuals who believe they have been the victims of conduct prohibited by this policy statement or who believe they have witnessed such conduct should discuss their concerns with their immediate director, Human Resources, or any member of management.

When possible, The Millard College encourages individuals who believe they are being subjected to unwanted conduct to promptly advise the offender that his or her behavior is unwelcome and request that it be discontinued. However, no action or inaction of any employee shall preclude that employee from following the complaint procedures set forth herein.

The Millard College encourages the prompt reporting of complaints or concerns so that rapid and constructive action can be taken before relationships become irreparably strained. Early reporting and intervention have proven to be the most effective method of resolving actual or perceived incidents of harassment, therefore all employees are encouraged to report any acts of harassment as soon as they occur.

Any reported allegations of harassment, discrimination, or retaliation will be promptly investigated. The investigation may include individual interviews with the parties involved and, where necessary, with individuals who may have observed the alleged conduct or may have other relevant knowledge. Confidentiality will be maintained throughout the investigatory process to the extent possible without hampering the ability to conduct an adequate investigation and institute appropriate corrective action. It is important to note that during an investigation of any form of harassment, it is the effect the harassing behavior has on the victim that is relevant and not the intent of the harasser.

Retaliation against an individual for reporting harassment or discrimination or for participating in an investigation of a claim of harassment or discrimination is a serious violation of this policy and, like harassment or discrimination itself, will be subject to disciplinary action up to and including termination. Acts of retaliation should be reported immediately and will be promptly investigated and addressed.

If a party to a complaint does not agree with its resolution, that party may appeal to The Millard College legal department.

False and malicious complaints of harassment, discrimination, or retaliation may be subject to appropriate disciplinary action, up to and including termination.

Workplace Bullying

The Millard College defines bullying as “repeated inappropriate behavior, either direct or indirect, whether verbal, physical or otherwise, conducted by one or more persons against another or others, at the place of work and/or in the course of employment.” Such behavior violates the college Code of Ethics, which clearly states that all employees will be treated with dignity and respect.

The purpose of this policy is to communicate to all employees, including directors, managers and executives, that the college will not tolerate bullying behavior. Employees found in violation of this policy will be disciplined up to and including termination.

Bullying may be intentional or unintentional. However, it must be noted that where an allegation of bullying is made, the intention of the alleged bully is irrelevant and will not be given consideration relative to disciplinary action. As in sexual harassment, it is the effect of the behavior upon the individual that is important. The Millard College considers the following types of behavior examples of bullying:

- **Verbal bullying:** Slandering, ridiculing or maligning a person or his/her family; persistent name calling that is hurtful, insulting or humiliating; using a person as the butt of jokes; abusive and offensive remarks.
- **Physical bullying:** Pushing, shoving, kicking, poking, tripping, assault or threat of physical assault; damage to a person's work area or property.
- **Gesture bullying:** Non-verbal threatening gestures or glances that convey threatening messages.
- **Exclusion:** Socially or physically excluding or disregarding a person in work-related activities.

Violence in the Workplace

All employees, customers, vendors and business associates must be treated with courtesy and respect at all times. Employees are expected to refrain from conduct that may be dangerous to others.

Conduct that threatens, intimidates, or coerces another employee, student, vendor, or business associate will not be tolerated. The Millard College resources may not be used to threaten, stalk, or harass anyone at the workplace or outside the workplace. The Millard College treats threats coming from an abusive personal relationship as it does other forms of violence.

Indirect or direct threats of violence, incidents of actual violence and suspicious individuals or activities should be reported as soon as possible to a director, security personnel, Human Resources, or a member of The Millard Colleges senior management. When reporting a threat or incident of violence, the employee should be as specific and detailed as possible. Employees should not place themselves in peril, nor should they attempt to intercede during an incident.

Employees should promptly inform the Human Resource department of any protective or restraining order that they have obtained that lists the workplace as a protected area.

Employees are encouraged to report safety concerns. The Millard College will not retaliate against employees making good-faith reports. The Millard College is committed to supporting victims of intimate partner violence by providing referrals to The Millard College employee assistance program (EAP) and community resources and providing time off for reasons related to intimate partner violence.

The Millard College will promptly and thoroughly investigate all reports of threats of violence or incidents of actual violence and of suspicious individuals or activities. The identity of the individual making a report will be treated as confidential to the extent possible.

The Millard College will not retaliate against employees making good-faith reports of violence, threats, or suspicious individuals or activities. In order to maintain workplace safety and the integrity of its investigation, The Millard College may suspend employees suspected of workplace violence or threats of violence, either with or without pay, pending investigation.

Anyone found to be responsible for threats of or actual violence or other conduct that is in violation of these guidelines will be subject to prompt disciplinary action up to and including termination of employment.

The Millard College encourages employees to bring their disputes to the attention of their directors or Human Resources before the situation escalates. The Millard College will not discipline employees for raising such concerns.

Safety

It is the responsibility of each employee to conduct all tasks in a safe and efficient manner complying with all local, state and federal safety and health regulations and program standards, and with any special safety concerns for use in a particular area or with a student.

Although most safety regulations are consistent throughout each department and program, each employee has a responsibility to identify and familiarize her/himself with the emergency plan for his/her working area. Each facility shall have posted an emergency plan detailing procedures in handling emergencies such as fire, weather-related events and medical crises.

It is the responsibility of the employee to complete an Accident and Incident Report for each safety and health infraction that occurs by an employee or that the employee witnesses. Failure to report such an infraction may result in employee disciplinary action, including termination.

Furthermore, management requires that every person in the college assumes the responsibility of individual and collegial safety. Failure to follow college safety and health guidelines or engaging in conduct that places the employee, student or college property at risk can lead to employee disciplinary action and/or termination.

Americans with Disabilities Act (ADA) and the ADA Amendments Act (ADAAA)

The Americans with Disabilities Act (ADA) and the Americans with Disabilities Amendments Act (ADAAA) are federal laws that prohibit employers with 15 or more employees from discriminating against applicants and individuals with disabilities and requires those employers to provide reasonable accommodations to applicants and employees who are qualified for a position so that they may perform the essential position duties of the position.

It is the policy of The Millard College to fully comply with all federal and state laws concerning the employment of persons with disabilities and to act in accordance with regulations and guidance issued by the Department of Labor (DOL) and the Equal Employment Opportunity Commission (EEOC). Furthermore, it is our college policy not to discriminate against qualified individuals with disabilities in regard to application procedures, hiring, advancement, discharge, compensation, training, or other terms, conditions and privileges of employment.

The College will reasonably accommodate qualified individuals with a disability so that they can perform the essential functions of a position unless doing so causes a direct threat to those individuals or others in the workplace and the threat cannot be eliminated by reasonable

accommodation and/or if the accommodation creates an undue hardship to The Millard College. Should an employee have any physical disability or medical condition that creates a difficulty in performing their regularly assigned duties and would like to request an accommodation, they should contact the Human Resources Department immediately.

EMPLOYMENT

At-Will-Employment

Employment at The Millard College is on an at-will basis unless otherwise stated in a written individual employment agreement signed by the President of the college.

This means that either the employee or the college may terminate the employment relationship at any time, for any reason, with or without notice.

Nothing in this employee handbook is intended to or creates an employment agreement, expressed or implied. Nothing contained in this or any other document provided to the employee is intended to be, nor should it be, construed as a contract that employment or any benefit will be continued for any period of time. In addition, no college representative is authorized to modify this policy for any employee or to enter into any agreement, oral or written, that changes the at-will relationship.

Any salary figures provided to an employee in annual or monthly terms are stated for the sake of convenience or to facilitate comparisons and are not intended and do not create an employment contract for any specific period of time.

Employee Classification Categories

All employees are designated as either nonexempt or exempt under the federal Fair Labor Standards Act (FLSA) and any applicable state wage and hour laws. The following is intended to help employees understand employment classifications and employee's employment status and benefit eligibility. These classifications do not guarantee employment for any specified period of time. The right to terminate the employment-at-will relationship at any time is retained by both the employee and The Millard College.

- **Exempt employees** are employees whose work matches one of a set of exemptions defined by the FLSA and are exempt from being paid overtime for hours worked in excess of 40 hours per work week. Generally the assigned duties of managers, professional, administrative or technical staff meet the standards and criteria of these exemptions.
- **Nonexempt employees** are those whose assigned work duties do not meet the standards and criteria of the exemptions defined in the FLSA and therefore must be paid overtime wages for hours worked exceeding 40 hours in one work week.

The Millard College has established the following categories for both non-exempt and exempt employees:

- **Regular, full time:** Employees who are not in a temporary status and who are regularly scheduled to work the college's full-time schedule of a minimum of 32 hours per week, but generally work 40 hours per week. Generally, these employees are eligible for the full benefits package, subject to the terms, conditions and limitations of each benefits program.
- **Regular, part time:** Employees who are not in a temporary status and who are regularly scheduled to work less than full-time schedule but at least 20 hours each week. Regular, part-time employees are eligible for some of the benefits offered by the college subject to the terms, conditions and limitations of each benefits program.

Background and Reference Checks

To ensure that individuals who join The Millard College are well qualified and to ensure that The Millard College maintains a safe and productive work environment, it is our policy to conduct pre-employment background checks on all potential employees prior to their date of hire. Background checks may include verification of any information on the applicant's resume or application form.

All offers of employment are conditional pending receipt of a completed background check report. All background checks are conducted in conformity with the Federal Fair Credit Reporting Act, the Americans with Disabilities Act, and state and federal privacy and anti discrimination laws. Background check reports are kept confidential and are only viewed by Human Resource Department staff or college executive level managers except in cases when sharing this information is required by contractual obligation or by regulatory requirements.

The Millard College reserves the right to be the sole judge of the information received in background checks and to use that information to make any hiring decision it deems appropriate. If information obtained in a background check leads The Millard College to deny or withdraw an offer for employment, a copy of the report will be provided to the applicant, and the applicant will have the opportunity to dispute the report's accuracy. Background checks include a criminal record check, although a criminal conviction does not automatically bar an applicant from employment.

Additional checks such as a verification of previous employment, driving record, or credit report may be performed if deemed appropriate by the Human Resource Department.

The Millard College commonly conducts background checks on a random sampling of current employees to comply with regulatory guidance and to determine eligibility for retention, promotion, or reassignment in the same manner as described above.

Internal Transfers/Promotions

Employees may request consideration to transfer to other positions as vacancies become available and will be considered along with other applicants. At the same time, the college may initiate transfers of employees between departments and facilities to meet specific work requirements and reassignment of work duties.

The Millard College offers employees promotions to higher-level positions when appropriate. Management prefers to promote from within and may first consider current employees with the necessary qualifications and skills to fill vacancies above the entry level unless outside recruitment is considered to be in the college's best interest. When considering an employee for an internal transfer or promotion, management will consider a variety of factors including, but not limited to, seniority, experience, education, performance evaluations and disciplinary actions. Management retains the discretion to weigh any of these factors as deemed appropriate.

To be considered, employees must have a satisfactory performance record and have no disciplinary actions during the twelve month period prior to the promotion or transfer.

Nepotism

Employees or potential employees are required to inform management of any relatives, domestic partners, or members of the same household who are working for The Millard College.

If employees begin a dating or otherwise intimate relationship or become relatives, domestic partners, or members of the same household after becoming employed with The Millard College employees are required to inform management and Human Resources of the relationship.

The Millard College reserves the right to transfer employees or to take other action where there is a conflict or the potential for conflict because of the relationship between employees, even if there is no direct-reporting relationship or authority involved.

Progressive Discipline

Every employee has the duty and the responsibility to be aware of and abide by existing rules and policies. Employees also have a responsibility to perform his/her duties to the best of his/her ability and to the standards as set forth in his/her position description or as otherwise established.

The Millard College supports the use of progressive discipline to address issues such as poor work performance or misconduct. Our progressive discipline policy is designed to provide a corrective action process to improve and prevent a recurrence of undesirable behavior and/or performance issues. Our progressive discipline policy has been designed consistent with our collegial values and Human Resources best practices.

Outlined below are the steps of our progressive discipline policy and procedure. The Millard College reserves the right to combine or skip steps in this process depending on the facts of

each situation and the nature of the offense. The level of disciplinary intervention may also vary. Some of the factors that will be considered are whether the offense is repeated despite coaching, counseling and/or training; the employee's work record; and the impact the conduct and performance issues have on our college and students.

The following outlines The Millard College's progressive discipline process:

- **Verbal warning:** A director verbally counsels an employee about an issue of concern, and a written record of the discussion is placed in the employee's file for future reference.
- **Written warning:** Written warnings are used for behavior or violations that a director considered serious or in situations when a verbal warning has not helped change unacceptable behavior. Written warnings are placed in an employee's personnel file. Employees should recognize the grave nature of a written warning.
- **Performance improvement plan:** Whenever an employee has been involved in a disciplinary situation that has not been readily resolved or when he/she has demonstrated an inability to perform assigned work responsibilities efficiently, the employee may be given a final warning or placed on a performance improvement plan (PIP). PIP status will last for a predetermined amount of time not to exceed 90 days. Within this time period, the employee must demonstrate a willingness and ability to meet and maintain the conduct and/or work requirements as specified by the director and the college. At the end of the performance improvement period, the performance improvement plan may be closed or, if established goals are not met, dismissal may occur.

The Millard College reserves the right to determine the appropriate level of discipline for any inappropriate conduct, including oral and written warnings, suspension with or without pay, demotion and termination.

Separation of Employment

Separation of employment can occur for several different reasons.

- **Voluntary Separation (Resignation):** Although we hope your employment with us will be a mutually rewarding experience, we understand that various circumstances cause employees to voluntarily resign employment. Resigning employees are requested to provide a two week notice, in writing, to facilitate a smooth transition out of the college. Employees who provide clinical services to students are requested to provide 30 day notice, in writing, to facilitate a smooth transition for students. Management reserves the right to provide an employee with two weeks pay in lieu of notice in situations where position or business needs warrant such action. Employees who provide less notice than requested or do not work all days of the notice period, are ineligible to receive payment for unused vacation time. Furthermore, the college may deem the individual to be ineligible for rehire or recommendation depending on the circumstances regarding the notice given. Employees who provide clinical services to students that fail to provide the

requested 30 day notice may be subject to reporting to the appropriate state Licensure boards for student abandonment.

- **Voluntary Separation (Retirement):** Employees who wish to retire are required to notify their department director and the Human Resource department in writing at least one (1) month before the planned retirement date.
- **Involuntary Separation (position abandonment):** Employees who fail to report to work or contact their director for three (3) consecutive work days shall be considered to have abandoned the position without notice, effective at the end of their normal shift on the third day. The director shall notify the Human Resource department at the expiration of the third workday and initiate the paperwork to terminate the employee. Employees who are separated due to position abandonment are ineligible to receive payment for unused vacation time and are ineligible for rehire or recommendation.
- **Involuntary Separation (Termination):** Employees of The Millard College are employed on an at-will basis, and the college retains the right to terminate employment at any time. Employees terminated for cause will be provided with a written Employee Discipline Report to explain the reasons for the termination. Employees whose employment ends due to involuntary separation are ineligible to receive payment for unused vacation time and are ineligible for rehire or recommendation.

Return of Company Property

The separating employee must return all college property at the time of separation, including all college property, cell phones, keys, PCs and identification cards. Failure to return some items may result in deductions from the final paycheck. An employee will be required to sign the equipment receipt agreement when they are issued college equipment to be used for work related purposes. By signing the form the employee acknowledges that they will be held financially responsible for any college property or equipment issued to them not returned upon separation of employment and the costs of such items could be deducted from the final paycheck.

By accepting employment with The Millard College all employees acknowledge that separating employees continue to be bound by continuing fiduciary duties to The Millard College. This includes, but is not limited to, a duty to maintain any "Confidential Information" obtained during Employee's employment with The Millard College in the strictest of confidence. "Confidential Information" includes, but is not limited to, information regarding proprietary information about The Millard College and/or Professional Services, its operations, students, or any other proprietary information that relates to the business of The Millard College. This includes, but is not limited to, the names of customers, marketing strategies, operations, or any other information of any kind which would be deemed confidential or proprietary information and other non-public information relating to The Millard College or their affiliates, subsidiaries, partners, or other business interests. This duty of confidentiality extends to, but is not limited to, recollections or written records relating to or arising from internal discussions; memoranda and briefings other than memoranda or briefings prepared for distribution or disclosure; correspondence; personnel information; written or oral information relating to internal policies, procedures, or operations; computer-based information; handwritten, photocopied, or duplicated information. Employees

shall immediately return any printed, written, recorded, or electronic “Confidential Information” to The Millard College and shall not retain such in their possession.

The Human Resource department reserves the right to request and schedule an exit interview with a separating employee. The interview will be on or around the employee’s last day of work and is intended to allow the Human Resource Department to collect important information about the employee’s experience and workplace culture of the college.

Health insurance terminates the last day of the month of employment. Information for Consolidated Omnibus Budget Reconciliation (COBRA) continued health coverage will be provided. Employees will be required to pay their share of the dependent health, dental and vision premiums through the end of the month.

Rehire

Former employees who left The Millard College in good standing and were classified as eligible for rehire may be considered for reemployment. An application must be submitted to the Human Resource department, and the applicant must meet all minimum qualifications and requirements of the position.

Directors must obtain approval from Human Resources or designee prior to rehiring a former employee. Rehired employees begin benefits just as any other new employee. Previous tenure will not be considered in calculating longevity, leave accruals, or any other benefits.

An applicant or employee who is terminated for violating policy or who resigned in lieu of termination from employment due to a policy violation will be ineligible for rehire.

WORKPLACE SAFETY

Drug-Free Workplace Policy

The Millard College has a longstanding commitment to provide a safe and productive work environment. Alcohol and drug abuse pose a threat to the health and safety of employees and to the security of our students, equipment, and facilities. For these reasons, The Millard College is committed to the elimination of drug and/or alcohol use and abuse in the workplace.

This policy outlines the practice and procedure designed to address instances of identified alcohol and/or drug use in the workplace. This policy applies to all employees and all applicants for employment of The Millard College, the Human Resources Department is responsible for policy administration.

Covered Workers

Any individual who conducts business for The Millard College is applying for a position or is conducting business on the property of The Millard College is covered by our drug-free workplace policy. Our policy includes, but is not limited to President, executive management,

managers, directors, faculty, full-time employees, part-time employees, off-site employees, volunteers, interns, and applicants.

Applicability

Our drug-free workplace policy is intended to apply whenever anyone is representing or conducting business for the college. Therefore, this policy applies during all working hours, whenever conducting business or representing the college, while on college property, and at college-sponsored events.

Prohibited Behavior

It is a violation of our drug-free workplace policy to use, possess, sell, trade, and/or offer for sale alcohol, illegal drugs, or intoxicants.

Prescription and over-the-counter drugs are not prohibited when taken in standard dosage and/or according to a valid physician's prescription. Any employee taking prescribed or over-the-counter medications will be responsible for consulting the prescribing physician and/or pharmacist to ascertain whether the medication may interfere with safe performance of his/her position. If the use of a medication could compromise the safety of the employee, students, or fellow employees, it is the employee's responsibility to use appropriate personnel procedures (e.g., call in sick, use leave time, request a change of duty, notify director, notify college doctor) to avoid unsafe workplace practices.

The illegal and/or unauthorized use of prescription drugs is prohibited. It is a violation of our drug-free workplace policy to intentionally misuse and/or abuse prescription medications.

Notification of Convictions

Any employee who is convicted of a criminal drug violation must notify Human Resources in writing within five calendar days of the conviction. The college shall take appropriate action within thirty days of notification. Federal contracting agencies will be notified when appropriate.

Drug Testing

To ensure the accuracy and fairness of our drug testing program, all testing will be conducted according to the Substance Abuse and Mental Health Services Administration (SAMHSA) guidelines where applicable and will include a screening test, a confirmation test, the opportunity for a split sample, and review by a Medical Review Officer, including the opportunity for employees who test positive to provide legitimate medical explanation, such as a physician's prescription, for the positive result, and a documented chain of custody.

All drug-testing information will be maintained in separate confidential records. Each employee, as a condition of employment, will be required to participate in pre-employment, random, post-accident, reasonable suspicion, and return-to-duty testing upon selection or request of management.

Testing for the presence of alcohol will be conducted by analysis of saliva or breath. Testing for the presence of the metabolites of drugs will be conducted by the analysis of urine. Any employee who tests positive will be immediately removed from duty and referred to a substance abuse professional for an assessment and recommendations.

An employee who refuses the screening or the test, alters or dilutes the specimen, substitutes the specimen with that from another person or sends an imposter, will not sign the required forms, or refuses to cooperate in the testing process in such a way that prevents completion of the test will be subject to the same consequences as if the employee had tested positive.

Consequences

One of the goals of our drug-free workplace program is to encourage employees to voluntarily seek help with alcohol and/or drug problems. Employees who are experiencing issues with drug or alcohol use or abuse are strongly encouraged to self-report to the Human Resources Department or to our Employee Assistance Program for consultation.

In the case of applicants, the offer of employment may be withdrawn. The applicant may reapply after twelve months and must successfully pass a pre-employment drug test and new background checks.

If an employee violates the policy, he or she may be subject to disciplinary action up to and including termination of employment.

Return-to-Work Agreements

Following a violation of the drug-free workplace policy, an employee may be offered the opportunity to participate in rehabilitation. In such cases, the employee must sign and abide by the terms set forth in a Return-to-Work(RESET) Agreement as a condition of continued employment.

Assistance

The Millard College recognizes that alcohol and drug abuse and addiction are treatable illnesses. We also realize that early intervention and support improve the success of rehabilitation. To support our employees, our drug-free workplace policy:

- Encourages employees to seek help if they are concerned that they or their family members may have a drug and/or alcohol problem.
- Encourages employees to utilize the services of qualified professionals in the community to assess the seriousness of suspected drug or alcohol problems and identify appropriate sources of help.
- Allows the use of accrued paid leave while seeking treatment for alcohol and other drug problems.

Treatment for alcoholism and/or other drug use disorders may be covered by the employee benefit plan. However, the ultimate financial responsibility for recommended treatment belongs to the employee.

Confidentiality

All information received by the college through the drug-free workplace program shall be confidential. Access to this information is limited to those who have a legitimate need to know in compliance with relevant laws and management policies.

Shared Responsibility

A safe and productive drug-free workplace is achieved through cooperation and shared responsibility. Both employees and management have important roles to play. All employees are required to not report to work or be subject to duty while their ability to perform position duties is impaired due to on- or off-duty use of alcohol or other drugs. In addition, employees are encouraged to:

- Be concerned about working in a safe environment.
- Support fellow workers in seeking help.
- Report dangerous behavior to their director.

It is the director's responsibility to:

- Inform employees of the drug-free workplace policy.
- Observe employee performance.
- Document negative changes and problems in performance.
- Counsel employees as to expected performance improvement.
- Clearly state consequences of policy violations.

Communication

Communicating our drug-free workplace policy to both directors and employees is critical to our success. To ensure all employees are aware of their role in supporting our drug-free workplace program:

- All employees will receive a written copy of the policy.
- The policy will be reviewed in orientation sessions with new employees .
- The policy and assistance programs will be reviewed at safety meetings.
- Posters and brochures will be available at all locations.

Smoking in the Workplace

It is the policy of The Millard College to allow smoking on college premises only in designated areas in order to maintain a healthy environment for all employees and students. Smoking is defined as the "act of lighting, smoking or carrying a lighted or smoldering cigar, cigarette, or pipe of any kind." Smoking includes the use of electronic cigarettes and vaping devices. This

smoking policy covers all employees, visitors, contractors, volunteers, practicum students, student interns, and students.

Employees who violate the smoking policy will be subject to disciplinary action up to and including immediate discharge.

WORKPLACE EXPECTATIONS

Confidentiality

The Family Educational Rights and Privacy Act of 1974 grants to students certain rights of access, review, challenge, and exception to their educational records. These rights are: 1) The right to inspect and review the student's education records after submitting a written request. Such requests should specify the records to be inspected and should be submitted to the Registrar's Office 30 days in advance. 2) The right to request a correction to education records which the student believes are inaccurate or misleading. Such requests should be submitted in writing to the Registrar's Office and should identify which part of the record is inaccurate or misleading and provide documentation as to why it should be changed. 3) The right to have personally identifiable information contained in the student education record to be held as confidential and not subject to disclosure without the consent of the student.

Exceptions to this non-disclosure right include provision for school officials to perform their functions and the ability of the school to disclose "directory information". The Millard College designates the following student information as "directory information": name, address, email address, telephone number, previous institutions attended, major field of study, honors, degrees conferred, participation in recognized sports and activities, date and place of birth, height and weight of athletic team members, photographs, dates of attendance, and classifications. Students may withhold disclosure of this information by submitting written notification to the Registrar's Office. Forms to request the withholding of directory information are available in the Registrar's Office. The College assumes that the absence of such a request indicates student approval for disclosure.

This policy is intended to alert employees to the need for discretion at all times and is not intended to inhibit normal business communications.

All inquiries from the media must be referred to Randy Stinson, President of The Millard College.

Personal Conduct

It is imperative that employees conduct themselves with a high standard of professionalism and personal integrity while interacting with students and colleagues while in the workplace. Employees are expected to acknowledge that the students served by The Millard College are in vulnerable situations and many have histories of traumatic experiences. As a result, employees should avoid any conduct which could be exploitative, provide undue stress/trauma, or be detrimental to the treatment progress of the student. See also Exhibit A. Code of Ethics.

Any report of a failure of an employee to conduct themselves in a manner that represents a high level of professionalism and personal integrity will be investigated and appropriate disciplinary action taken up to, and including, termination of employment. Employees are prohibited from engaging in any activities with students that are not consistent with an educational environment, including but not limited to:

- Permitting, promoting, or taking part in any form of gambling, wagering or betting involving any campus activities, including recreational events occurring on campus or during approved trips and off campus activities.
- Permitting, promoting, or taking part in any form of gambling, wagering or betting regarding outside events such as sporting events, horse races, elections, televised competitions, etc.
- Creation of any quid pro quo agreements between employees and students so that items, services, or privileges from one party are given to another party in exchange for other items, services, or privileges or the promise of such.
- Engaging, promoting, or allowing extortion of a student by the threat of disciplinary action or other adverse treatment including physical harm, revocation of privileges, social isolation, discharge from the College, etc. in exchange for any items, favors, information, or any other condition to the benefit of the employee.
- Providing, promising or loaning money to a student for any reason or any use on the campus or for any external use.
- Engaging or participating in any relationship with a student that is non-professional in nature including but not limited to physical intimacies, sexual contact, romantic relationships, personal business, solicitation of labor, financial obligations, or any other private and non-professional relations.

The management of The Millard College reserves the right to determine what behavior constitutes non-appropriate personal conduct and take any action it deems necessary.

Conflicts of Interest

Employees must avoid any relationship or activity that might impair, or even appear to impair, their ability to make objective and fair decisions when performing their positions. At times, an employee may be faced with situations in which business actions taken on behalf of The Millard College may conflict with the employee's own personal interests. Company property, information or business opportunities may not be used for personal gain. Circumstances in which conflicts of interest could arise include, but are not limited to:

- Being employed by, or acting as a consultant to, a competitor or potential competitor, supplier or contractor, regardless of the nature of the employment, while employed with The Millard College
- Serving as a board member for an outside entity or college.
- Owning or having a substantial interest in a competitor, supplier or contractor.
- Accepting gifts, discounts, favors or services from a customer/potential customer, competitor or supplier, unless equally available to all college employees.

Employees with a conflict-of-interest question should seek advice from management. Before engaging in any activity, transaction, or relationships that might give rise to a conflict of interest, employees must seek review from their director or the Human Resource department.

Outside Employment

Employees are permitted to engage in outside work or to hold other positions, as long as it does not interfere with their position performance or create a conflict of interest with The Millard College. Before accepting outside employment, employees are required to notify the Human Resource department in writing of their desire to accept a second position and communicate the following details: 1) the name of the name and the nature of the business, 2) the position title of the position, and 3) the scheduled hours that will be worked. The Millard College reserves the right to determine at any time if a conflict of interest is created by the engaged outside employment.

Activities and conduct away from the position must not compete with, conflict with, or compromise the college interests or adversely affect position performance and the ability to fulfill all position responsibilities. Employees are prohibited from performing any services for customers on non working time that are normally performed by The Millard College. This prohibition also extends to the unauthorized use of any college tools or equipment and the unauthorized use or application of any confidential information. In addition, employees are not to solicit or conduct any outside business during paid working time. Employees with a second position are expected to work their assigned schedules. Employees who have accepted outside employment may not use paid sick leave to work on the outside position. Fraudulent use of sick leave will result in disciplinary action up to and including termination.

Employees are cautioned to carefully consider the demands that additional work activity will create before accepting outside employment. Outside employment will not be considered an excuse for poor position performance, absenteeism, tardiness, leaving early, refusal to travel, or refusal to work overtime or different hours. If The Millard College determines that an employee's outside work interferes with performance or creates a conflict of interest, the employee may be asked to terminate the outside employment or be subject to disciplinary action up to and including termination.

Attendance and Punctuality

Vacation and holidays must be scheduled with the employee's director in advance. Sick leave may be used in the case of emergency or sudden illness without prior scheduling. Patterns of absenteeism or tardiness may result in discipline even if the employee has not yet exhausted available paid time off. Absences due to illnesses or injuries that qualify under the Family and Medical Leave Act (FMLA) will not be counted against an employee's attendance record. Medical documentation within the guidelines of the FMLA may be required in these instances.

Not reporting to work and not calling to report the absence is a no-call/no-show and is a serious matter. The first instance of a no call/no show will result in a final written warning. The second

separate offense may result in termination of employment with no additional disciplinary steps. A no call/no show lasting three days without an acceptable extenuating circumstance will be considered position abandonment and will result in termination of employment.

Attire and Grooming

It is important for all employees to project a professional image while at work by being appropriately attired. The Millard College Employees are expected to be neat, clean, and well-groomed while on the position. Clothing must be consistent with the standards for a business environment and must be appropriate to the type of work being performed.

Professional image is defined as:

- Male employees must wear collared shirts with dark wash jeans or khakis. Shorts are not permitted. College t-shirts may be worn on Fridays.
- Female employees must wear dress pants, khakis, skirts or dresses, dress capris, cropped pants, or dark wash jeans. Shorts are not permitted. College t-shirts may be worn on Fridays.

Management reserves the right to determine appropriateness. Any employee who is deemed inappropriately dressed will be counseled or in severe cases may be sent home to change clothes. Continued disregard of this policy may be cause for disciplinary action up to and including termination.

Outside Vendors and Contractors

From time to time, The Millard College may engage service providers to provide services, deliver/repair/maintain equipment, or provide consultation in our locations and departments. All employees should direct any such visitor or service provider to the main entrance of the facility and be directed to the proper contact person and to allow proper sign in procedures to be followed. Employees are strictly prohibited from allowing an outside vendor or contractor to access any part of a building or campus facility or to begin work without proper clearance from the facility's manager or properly authorized person. Doing so may subject the employee to disciplinary action up to and including termination.

Employees should refrain from forming any type of personal relationship with a vendor or outside contractor and correspondence and conversation should be limited strictly to the service, or consultation in which the vendor has been engaged to perform. All employees are strictly prohibited from accepting gifts or special privileges from any current or prospective outside vendor or contractors. Any offers of gifts or special privileges from current or prospective outside vendors or contractors should be reported to the Legal Department for follow up.

Electronic Communication and Internet Use

The following guidelines have been established for using the Internet, college-provided cell phones, and email in an appropriate, ethical and professional manner:

- Company-provided Internet, equipment (e.g., cell phone, laptops, computers), and services shall not be used for transmitting, retrieving, or storing any communications of a defamatory, discriminatory, harassing, or pornographic nature. The following actions are strictly prohibited:

- Internal and external emails are considered business records and may be subject to discovery in the event of litigation. Be aware of this possibility when sending email within and outside the college.

Right to Monitor

All college-supplied technology and college-related work records belong to the college and not to the employee. The Millard College routinely monitors use of college-supplied technology. Inappropriate or illegal use or communications may be subject to disciplinary action up to and including termination of employment. Employees should have no expectation of privacy with any correspondence sent, received, or stored using college supplied technology and technology related accounts.

COMPENSATION

Performance and Salary Review

Performance appraisals are conducted on a regular basis. New Hires will receive a performance review after 90 days of employment. This review is intended to document that the employee has completed all new hire training/on-boarding requirements, has gained an adequate knowledge of workplace policies/procedures and has a thorough understanding of college culture and employee expectations. Each year employees will receive a performance review on or near the anniversary of their date of hire. The Annual Employee performance Evaluation is an in depth evaluation of all areas of the employee's assigned duties and will be discussed and signed by both the employee and manager to ensure that all strengths, areas for improvement, and position goals for the next review period have been clearly communicated. All performance evaluation forms will be retained in the employee's personnel file.

Increases in the employee's rate of pay associated with performance reviews are based on college financial performance and are not guaranteed. Pay increases will typically be granted based upon the annual review once per year. The new hire performance review conducted at 90 days of employment does not include increases to the employee's rate of pay. A performance review does not always result in an automatic pay increase. The employee's overall performance rating will be used to determine the percentage of increase that will be applied to the employee's rate of pay according to the Compensation Administration Policy. Salary adjustments are occasionally requested at times other than the employee's scheduled annual salary reviews. Out-of-cycle salary increases are rarely granted and must be pre-approved by the department manager, HR, and the President. Human Resources will review and approve all salary increase/adjustment requests to ensure internal equity and compliance with college policies and guidelines.

Payment of Wages

Paychecks are distributed bi-weekly for wages due up to the last day of the pay period. Paychecks are distributed bi-weekly and are generally distributed every other Friday.

Overtime payment, which is included with the nonexempt employees base pay, is also paid bi-weekly with such payment covering hours worked in the prior pay period.

It is the college's policy that employee paychecks will only be given personally to that employee, direct deposited, or mailed to his/her home address.

If the normal payday falls on a college-recognized holiday, paychecks will be distributed one workday prior to the regularly scheduled date.

Employees may be paid by check or through direct deposit of funds to either a savings or checking account at a financial institution of their choice.

In the event of a lost paycheck, the Human Resource department must be notified in writing as soon as possible and before a replacement check can be issued. In the event the lost paycheck is recovered and the college identifies the endorsement as that of the employee, the employee must remit the amount of the replacement check to the college within 24 hours of the time it is demanded.

If an employee's marital status changes or the number of exemptions previously claimed increases or decreases, a new Form W-4 must be submitted to the Human Resource department. If the employee's address changes a new W-4 and I-9 must be completed and returned to the Human Resource Department.

Time Reporting

It is the policy of The Millard College to maintain accurate and fair pay practices. Employees are responsible for recording their time worked using the established system employed by the college and directors are responsible for monitoring and approving the time worked by their employees. **Working off the clock (time spent by an employee performing college related business in which work time is not reported) is strictly prohibited. Working off the clock shall be considered a serious infraction and will be subject to disciplinary action up to and including termination for both the employee and their director.**

All employees must use the established system employed by the college as their time reporting mechanism. The workday is defined as the 24-hour period starting at 12:00 a.m. and ending at 11:59 p.m. The workweek covers seven consecutive days beginning on Saturday and ending on Friday. The typical work week period is a total of 40 hours.

Each employee is to maintain an accurate daily record of his or her hours worked. All absences from work schedules should be appropriately recorded.

Meal/Rest Periods

The scheduling of meal periods at The Millard College is set by the employee's immediate director with the goal of providing the least possible disruption to college operations.

Mandatory Meal Period

Employee meal periods are important to college productivity and employee health. Employees who work at least five consecutive hours will be provided a meal break of at least 30 minutes. An employee's meal break will be granted no less than 3 hours and no more than 5 hours from the start of their work day. The meal period is not compensable and will not be included in the total hours of work per day. Nonexempt employees are to be completely relieved of all position duties while on meal breaks and must clock out for meal periods.

Rest Breaks

Salaried employees, as they are paid a weekly salary regardless of the hours they work, may choose to take breaks as needed. Non-exempt employees are permitted a 15-minute rest break

for each four hours of work. Rest breaks are compensable therefore non-exempt employees on rest breaks are not required to clock in and clock out.

Impermissible Use of Meal Period and/or Rest Breaks

Neither the lunch period nor the rest break(s) may be used to account for an employee's late arrival or early departure or to cover time off for other purposes—for example, rest breaks may not be accumulated to extend a meal period, and rest breaks may not be combined to allow one hour long break.

Overtime Pay (nonexempt employees)

Overtime is defined as hours worked by a non-exempt employee in excess of 40 hours in a work week and should be recorded to the nearest quarter hour and will be paid as time and one half. Overtime must be approved in advance by the director to whom the employee reports. directors are to approve overtime for their employees only after obtaining approval from their own management prior to the use of overtime.

Employees who anticipate the need for overtime to complete the week's work must notify the director in advance and obtain approval before working hours that extend beyond their normal schedule.

Paid leave, such as holiday, sick or vacation pay, does not apply toward time worked.

For the purposes of this policy, the work week begins at 12:00 a.m. each Saturday and ends at 11:59 p.m. on the subsequent Friday.

During busy periods of time employees may be required to work extended hours.

On-Call Pay (nonexempt employees)

An on-call employee who is called back to work outside his or her normal work schedule shall be paid for the time worked or a minimum of two (2) hours, whichever is greater.

Time worked while on call will be calculated at the employee's regular rate of pay. If an employee is called back to work, he or she will be paid for travel time. If an on-call employee is not called back, no pay will be earned. Overtime compensation is applicable only when total hours worked exceed 40 hours in a workweek.

Employee Travel and Expense Reimbursement

It is the policy of The Millard College to reimburse employees for reasonable expenses incurred and for approved travel on behalf of the college. Specific policy guidelines regarding expense/travel reimbursement are developed and maintained by the Finance Department under the direction and guidance of the Vice President of Financial Administration. The Millard College reserves the right to determine which requests for reimbursement are reasonable and represent an appropriate use of college funds.

TIME OFF/LEAVES OF ABSENCE

Holiday Pay

The Millard College recognizes eight paid holidays each year:

- New Year's Day
- Good Friday
- Memorial Day
- Independence Day
- Labor Day
- Thanksgiving Day
- Christmas Eve
- Christmas Day

Full time employees are eligible for holiday pay. Should a holiday fall on a weekend, the holiday will be observed on the work day closest to the holiday.

Time off may be granted to employees who desire to observe a religious holiday that is not recognized by the college. Requests of this nature should be made to the Human Resource Department and will be approved or denied after review by the Vice President of Human Resources.

Vacation

Vacation time will be awarded in a tiered system based on date of hire and position. Vacation time will be available at the beginning of each calendar year and **will not rollover** from year to year. Vacation time will be available to new hires after 90 days of employment. Exceptions will be made for new hire employees that, prior to their date of hire, had a vacation scheduled prior to their 90th day of employment if schedules allow and reasonable accommodations can be made to cover the employees primary position duties. If such a situation should arise, the vacation time will be unpaid. The vacation time tiers are outlined below.

For fourth year employees, the additional week of vacation time will be added to their vacation accrual the pay period following their 4th anniversary of their date of hire.

Vacation will be paid at the employee's base rate at the time the leave is taken. Vacation pay is not included in overtime calculation and does not include any special forms of compensation such as incentives, commissions, bonuses or shift differentials. If a holiday falls during the employee's vacation, the day will be charged to holiday pay rather than to vacation pay. Leave taken beyond an employee's available vacation balance may be unpaid unless otherwise required under state or federal law.

To schedule vacation time, employees should enter the request using the Time and Attendance system at least two weeks before the requested leave. Employees must ensure that they have enough leave available to cover the dates requested. Requests will be approved based on a number of factors, including department operating and staffing requirements. If multiple employees in the same location/department request to take vacation time on the same days, the employee with the most seniority with the college will be given preference. The director should approve the request within three business days of the date it is submitted indicating that the request has been approved or denied. If the request for vacation leave is denied, the director should provide an appropriate reason on the form returned to the employee.

Employees must use vacation time available during each calendar year as vacation days do not carry over into subsequent years. directors are responsible to see that all vacation days available to their employees are scheduled appropriately and used prior to the end of the year. Sick / PTO

All full-time, regular employees are granted three SICK/PTO days per year, after 90 days of employment. These days reset on January 1st of each year. Sick/PTO days will not be paid out at separation of employment.

Sick/PTO leave may be used for an employee's personal reasons or illness, well-care, and medical and dental appointments. Sick/PTO leave may also be used for illness and well-care of an employee's immediate family defined as spouse, children, step-children, parents and parents-in-law.

Should an employee need to be off work and Sick/PTO time is exhausted, any available vacation hours will be used in its place. An employee who has a sick leave absence in excess of three consecutive working days must present medical documentation for the absence. The Millard College reserves the right to ask an employee for a doctor's note or medical documentation whenever sick time is used.

Bereavement Leave

An employee who wishes to take time off due to the death of an immediate family member should notify his or her director immediately.

Bereavement leave will be granted unless there are unusual business needs or staffing requirements.

Paid bereavement leave is granted according to the following schedule:

- Employees are allowed three days of paid leave in the event of the death of the employee's spouse, child, father, father-in-law, mother, mother-in-law, brother, sister, stepfather, stepmother, stepbrother, stepsister, stepson, stepdaughter, brother-in-law, sister-in-law, son-in-law, daughter-in-law, aunt, uncle, grandparent, grandchild or spouse's grandparent.

Maternity/Paternity Leave

Full time employees will be provided with up to 5 days of paid leave for the birth or adoption of their own child. The leave shall be taken at the time of the birth or adoption and must be taken in consecutive days. Additionally, the leave may be requested at the time of a placement of a foster child in the employee's home. An employee wishing to take advantage of this leave time must notify the Human Resources Department and give an estimated day of the birth or adoption at least two weeks prior whenever possible. This leave is limited to one five day leave period per 12 months. This leave is intended to allow a new mother/father to have bonding time with the child and is not intended to replace or extend any other benefit time including vacation time, short-term disability, etc.

Jury Duty

Upon receipt of notification from the state or federal courts of an obligation to serve on a jury, employees must notify their director and provide him/her with a copy of the jury summons. The college will pay regular full-time and regular part-time employees for time off for jury duty up to a total of one week of pay.

Voting Leave

All employees should be able to vote either before or after regularly assigned work hours. However, when this is not possible due to work schedules, employees will receive up to three paid hours leave during the work day to vote. Time off for voting should be reported and coded appropriately on timekeeping records.

Election Leave

Employees who are chosen to serve as election officials at polling sites will be permitted to take paid leave for the required time off to serve in this capacity. It is incumbent on employees who are chosen to act as election officials to notify their manager a minimum of seven days in advance of their need for time off in order to accommodate the necessary rescheduling of work periods. Time engaged as an election official should be reported and coded appropriately on timekeeping records.

Military Leave of Absence

The Millard College is committed to protecting the position rights of employees absent on military leave. In accordance with federal and state law, it is the college's policy that no employee or prospective employee will be subjected to any form of discrimination on the basis of that person's membership in or obligation to perform service for any of the Uniformed

Services of the United States. Specifically, no person will be denied employment, reemployment, promotion or other benefit of employment on the basis of such membership. Furthermore, no person will be subjected to retaliation or adverse employment action because such person has exercised his or her rights under applicable law or college policy. If any employee believes that he or she has been subjected to discrimination in violation of college policy, the employee should immediately contact Human Resources.

Employees taking part in a variety of military duties are eligible for benefits under this policy. Such military duties include leaves of absence taken by members of the uniformed services, including Reservists and National Guard members, for training, periods of active military service and funeral honors duty, as well as time spent being examined to determine fitness to perform such service. Subject to certain exceptions under the applicable laws, these benefits are generally limited to five years of leave of absence.

Employees requesting leave for military duty should contact Human Resources to request leave as soon as they are aware of the need for leave. For request forms and detailed information on eligibility, employee rights while on leave and position restoration upon completion of leave, refer to the policies, procedures and forms from the Human Resources department. See also, FMLA section of this Employee Handbook.

Lactation/Breastfeeding

Any employee who is breastfeeding will be provided reasonable break times as needed for expression of milk. Any breast milk stored in the refrigerator must be labeled with the name of the employee and the date of expression of the breast milk. Any nonconforming products stored in the refrigerator may be disposed of. Employees storing milk in the refrigerator assume all responsibility for the safety of the milk and the risk of harm for any reason, including improper storage or refrigeration and tampering. Breaks of more than 20 minutes in length will be unpaid, and the employee should indicate this break period on her time record.

Family and Medical Leave Act

Upon hire, The Millard College provides all new employees with notices required by the U.S. Department of Labor (DOL) on Employee Rights and Responsibilities Under the Family Medical Leave Act .

The function of this policy is to provide employees with a general description of their FMLA rights. In the event of any conflict between this policy and the applicable law, employees will be afforded all rights required by law.

If you have any questions, concerns or disputes with this policy, you must contact the Human Resources Department as soon as possible.

General Provisions

Under this policy, The Millard College will grant up to 12 weeks (or up to 26 weeks of military caregiver leave to care for a covered service member with a serious injury or illness) during a

12-month period to eligible employees. The leave may be paid, unpaid, or a combination of paid and unpaid leave, depending on the circumstances of the leave and as specified in this policy.

Eligibility

To qualify to take family or medical leave under this policy, the employee must meet the following conditions:

- The employee must have worked for the college for 12 months or 52 weeks. The 12 months or 52 weeks need not be consecutive. Separate periods of employment will be counted, provided that the break in service does not exceed seven years. Separate periods of employment will be counted if the break in service exceeds seven years due to National Guard or Reserve military service obligations or when there is a written agreement stating the employer's intention to rehire the employee after the service break. For eligibility purposes, an employee will be considered to have been employed for an entire week even if the employee was on the payroll for only part of a week or if the employee is on leave during the week.
- The employee must have worked at least 1,250 hours during the 12-month period immediately before the date when the leave is requested to commence. The principles established under the Fair Labor Standards Act (FLSA) determine the number of hours worked by an employee. The FLSA does not include time spent on paid or unpaid leave as hours worked. Consequently, these hours of leave should not be counted in determining the 1,250 hours eligibility test for an employee under FMLA.
- The employee must work at a worksite where 50 or more employees are employed by the College within 75 miles of that office or work site. The distance is to be calculated by using available transportation by the most direct route.

Type of Leave Covered

To qualify as FMLA leave under this policy, the employee must be taking leave for one of the reasons listed below:

- The birth of a child and in order to care for that child.
- The placement of a child for adoption or foster care and to care for a newly placed child.
- To care for a spouse, child or parent with a serious health condition.
- The serious health condition (described below) of the employee.

An employee may take leave because of a serious health condition that makes the employee unable to perform the functions of the employee's position.

A serious health condition is defined as a condition that requires inpatient care at a hospital, hospice or residential medical care facility, including any period of incapacity or any subsequent treatment in connection with such inpatient care or as a condition that requires continuing care by a licensed healthcare provider.

This policy covers illnesses of a serious and long-term nature, resulting in recurring or lengthy absences. Generally, a chronic or long-term health condition that would result in a period of three consecutive days of incapacity with the first visit to the health care provider within seven days of the onset of the incapacity and a second visit within 30 days of incapacity would be considered a serious health condition. For chronic conditions requiring periodic health care visits for treatment, such visits must take place at least twice a year.

Employees with questions about what illnesses are covered under this FMLA policy or under the college's sick leave policy are encouraged to consult with the Vice President of Human Resources.

If an employee takes paid sick leave for a condition that progresses into a serious health condition and the employee requests unpaid leave as provided under this policy, the college may designate all or some portion of related leave taken as leave under this policy, to the extent that the earlier leave meets the necessary qualifications.

- Qualifying exigency leave for families of members of the National Guard or Reserves or of a regular component of the Armed Forces when the covered military member is on covered active duty or called to covered active duty.

An employee whose spouse, son, daughter or parent has been notified of an impending call or order to covered active military duty or who is already on covered active duty may take up to 12 weeks of leave for reasons related to or affected by the family member's call-up or service. The qualifying exigency must be one of the following: a) short-notice deployment, b) military events and activities, c) child care and school activities, d) financial and legal arrangements, e) counseling, f) rest and recuperation, g) post-deployment activities, and h) additional activities that arise out of active duty, provided that the employer and employee agree, including agreement on timing and duration of the leave.

Covered active duty means:

- In the case of a member of a regular component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country.
- In the case of a member of a reserve component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country under a call or order to active duty under a provision of law referred to in Title 10 U.S.C. §101(a)(13)(B).

The leave may commence as soon as the individual receives the call-up notice. (Son or daughter for this type of FMLA leave is defined the same as for child for other types of FMLA leave except that the person does not have to be a minor.) This type of leave would be counted toward the employee's 12-week maximum of FMLA leave in a 12-month period.

- Military caregiver leave (also known as covered service member leave) to care for an injured or ill service member or veteran.

An employee whose son, daughter, parent or next of kin is a covered service member may take up to 26 weeks in a single 12-month period to take care of leave to care for that service member.

Next of kin is defined as the closest blood relative of the injured or recovering service member.

The term *covered service member* means:

- A member of the Armed Forces (including a member of the National Guard or Reserves) who is undergoing medical treatment, recuperation or therapy or is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness.
- A veteran who is undergoing medical treatment, recuperation or therapy for a serious injury or illness and who was a member of the Armed Forces (including a member of the National Guard or Reserves) at any time during the period of five years preceding the date on which the veteran undergoes that medical treatment, recuperation or therapy.

The term *serious injury or illness* means:

- In the case of a member of the Armed Forces (including a member of the National Guard or Reserves), an injury or illness that was incurred by the member in line of duty on active duty in the Armed Forces (or that existed before the beginning of the member's active duty and was aggravated by service in line of duty on active duty in the Armed Forces) and that may render the member medically unfit to perform the duties of the member's office, grade, rank or rating.
- In the case of a veteran who was a member of the Armed Forces (including a member of the National Guard or Reserves) at any time during a period when the person was a covered service member, a qualifying (as defined by the Secretary of Labor) injury or illness that was incurred by the member in the line of duty or active duty in the Armed Forces (or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and that manifested itself before or after the member became a veteran.

Amount of Leave

An eligible employee may take up to 12 weeks for the first five FMLA circumstances above (under heading "Type of Leave Covered") under this policy during any 12-month period. The college will measure the 12-month period from the date an employee uses any leave under this policy. Each time an employee takes leave, the college will compute the amount of leave the employee has taken under this policy in the last 12 months and subtract it from the 12 weeks of available leave, and the balance remaining is the amount of time the employee is entitled to take at that time.

An eligible employee can take up to 26 weeks for the FMLA military caregiver leave circumstance above during a single 12-month period. For this military caregiver leave, the college will measure the 12-month period as a rolling 12-month period measured forward. FMLA leave already taken for other FMLA circumstances will be deducted from the total of 26 weeks available.

If spouses both work for the college and each wishes to take leave for the birth of a child, adoption or placement of a child in foster care, or to care for a parent (but not a parent "in-law") with a serious health condition, the spouses may only take a combined total of 12 weeks of leave. If spouses both work for the college and each wishes to take leave to care for a covered injured or ill service member, the spouses may only take a combined total of 26 weeks of leave.

Employee Status and Benefits During Leave

While an employee is on leave, the college will continue the employee's health benefits during the leave period at the same level and under the same conditions as if the employee had continued to work.

Employee Status After Leave

An employee who takes leave under this policy may be asked to provide a fitness for duty (FFD) clearance from their health care provider prior to returning to duty.

Use of Paid and Unpaid Leave

All paid vacation, personal, and sick leave runs concurrently with FMLA leave except in cases of a workers' compensation leave.

Disability leave for the birth of a child and for an employee's serious health condition, including workers' compensation leave (to the extent that it qualifies), will be designated as FMLA leave and will run concurrently with FMLA.

Intermittent Leave or a Reduced Work Schedule

The employee may take FMLA leave in 12 consecutive weeks, may use the leave intermittently or, under certain circumstances, may use the leave to reduce the workweek or work day, resulting in a reduced-hour schedule. In all cases, the leave may not exceed a total of 12 workweeks (or 26 workweeks to care for an injured or ill service member over a 12-month period).

Certification for the Employee's Serious Health Condition

The college may require certification for the employee's serious health condition. The employee must respond to such a request within 15 days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a denial of continuation of leave.

Certification for the Family Member's Serious Health Condition

The college may require certification for the family member's serious health condition. The employee must respond to such a request within 15 days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a denial of continuation of leave.

Certification of Qualifying Exigency for Military Family Leave

The college will require certification of the qualifying exigency for military family leave. The employee must respond to such a request within 15 days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a denial of continuation of leave.

Certification for Serious Injury or Illness of Covered Service Member for Military Family Leave

The college will require certification for the serious injury or illness of a covered service member. The employee must respond to such a request within 15 days of the request or provide a reasonable explanation for the delay. Failure to provide certification may result in a denial of continuation of leave.

Recertification

The college may request recertification for the serious health condition of the employee or the employee's family member when circumstances have changed significantly, or if the employer receives information casting doubt on the reason given for the absence, or if the employee seeks an extension of his or her leave. Otherwise, the college may request recertification for the serious health condition of the employee or the employee's family member every 30 days in connection with an FMLA absence.

Procedure for Requesting FMLA Leave

All employees requesting FMLA leave must provide the HR manager with verbal or written notice of the need for the leave. Within five business days after the employee has provided this notice, the HR manager will provide the employee with the DOL Notice of Eligibility and Rights. When the need for the leave is foreseeable, the employee must provide the employer with at least 30 days' notice. When an employee becomes aware of a need for FMLA leave less than 30 days in advance, the employee must provide notice of the need for the leave either the same day or the next business day. When the need for FMLA leave is not foreseeable, the employee must comply with the college's usual and customary notice and procedural requirements for requesting leave.

Designation of FMLA Leave

Within five business days after the employee has submitted the appropriate certification form, the HR manager will provide the employee with a written response to the employee's request for FMLA leave.

Intent to Return to Work from FMLA Leave

The College may require an employee on FMLA leave to report periodically on the employee's status and intent to return to work.

ACADEMIC RESPONSIBILITIES AND PROCEDURES

Preamble

The faculty members of a Christian institution of higher learning accept unique responsibilities. Faculty must properly balance between academic freedom and responsibility of the Christian perspective of the institution. Freedom in an orderly society is always limited and never absolute. Freedom for a faculty member at The Millard College is limited by their relationships in society, by the authority of Scripture, and by the purposes for which TMC exists. The college is committed to Christian principles and adheres to the direction of The Board of Regents.

Academic Freedom

The Millard College is a Christian institution. The theological governing document is the Statement of Faith. In addition to this, the Bible itself, as the inspired, inerrant, and infallible Word of God that speaks with final authority concerning truth, morality, and the proper conduct of humankind, is the ultimate source of all that the College believes.

Academic freedom is the faculty member's privilege of teaching, writing, and conducting research according to their conscience under the guidelines of the governing documents of the College. With this freedom comes the obligation of responsible exercise of this privilege in accordance with the theological commitments of the College as found in the Statement of Faith.

Faculty members are free to teach, carry on research, and publish, subject to the adequate performance of duties as agreed upon with the school.

The curriculum of the College is determined by the faculty, and each professor has the freedom in the classroom to discuss the subject in which they have the competence and may claim to be a specialist.

A professor is free to express and act upon their conscientious convictions as an individual citizen with the realization that there is always tacit representation of the College in whatever they say.

All faculty and staff have an obligation to support and relate constructively to the College, its policies and its administration. Members of the faculty and staff may not abuse their position by undermining or obstructing the policies of the institution. Faculty and staff are not to act in ways that are injurious or detrimental to the College or its relationships with donors or other constituencies, within or without the College community.

Disputes regarding the privilege of academic freedom shall be addressed to the President. The President shall have authority to resolve any dispute regarding academic freedom.

Outside Employment

Full-time faculty members desiring to accept outside employment, consulting work, or adjunct teaching assignments at other institutions are required to seek approval from the Vice President of Academic Administration. The scheduling of these activities must not inhibit the satisfactory and timely completion of responsibilities associated with faculty status at The Millard College.

Grades and Grade Points

Passing grades are recorded as A, B, C, D, and P (indicating passing); F indicates failure. An incomplete "I" is given only when there has been notification to the instructor concerning extraordinary circumstances that have made a student incapable of completing the work. When an "I" is given an explanation of the work required to finish should be filed with the Vice President of Academic Administration at the time the grade is submitted. The student will have until the end of the following session to complete the incomplete work. If this is not completed then the student must retake the entire course.

Grade points are a way to mark academic achievements. For each module hour of credit with an "A" grade, 4 points are awarded; for a "B" grade, 3 points; for a "C" grade, 2 points; for a "D", 1 point; and for an "F" grade, no points will be awarded.

Grade Point Average

Dividing the number of grade points earned in a module by the number of credit hours attempted will determine the grade point average (GPA).

Grade Point Average: Cumulative

Cumulative grade point average (GPA) is determined by dividing the number of grade points earned in all of the student's college courses by the number of credit hours attempted. If the student has repeated a course, only the most recent grade and grade points will be used in calculating GPA.

Grade Scale

The Millard College follows the module plan in its academic calendar and operates on the four-point (4.0) grade system. Grades are symbols that indicate the degree of mastery of course objectives. Grades do not necessarily reflect the degree of effort put into learning material. The numerical value of quality points are as follows:

GRADE	QUALITY POINTS
A	4.0
A-	3.6
B+	3.4
B	3.0
B-	2.6
C+	2.4
C	2.0
C-	1.6
D+	1.4
D	1.0
D-	0.6
F	0.0
XF	0.0

The following designations are also used:

Work in Progress	WIP	Incomplete*	I
Withdrew from school	WD	Course retaken	R
Withdrew with a passing grade	WP	Passing	P
Withdrew with a failing grade	WF	Satisfactory	S
In Progress	IP	Audit	NC
		Failure for Absences	XF

*If for some truly extenuating circumstance (e.g., serious illness, accident, death in the immediate family, etc.) students are unable to complete course work before the final day of class or are unable to take the final examination, students may petition instructors for a grade of "I" (Incomplete). An "I" should not be given as a midterm grade. Work designated as incomplete must be completed within six weeks from the close of the incomplete term. The "I" will be calculated with 0.0 quality points until instructors officially submit new grades. If work is not completed, the incomplete grade becomes "F".

Faculty Equipment and Supply Procurement Procedure

Faculty members are expected to be good stewards of The Millard College properties, supplies, equipment and funds. Faculty desiring to purchase equipment or supplies for educational purposes shall do due diligence in researching items prior to purchasing to ensure that the item meets the standards of world class education.

To procure equipment or supplies, Faculty shall complete an official Budget Request Form. The form must include the date, department, location, faculty members name and email, amount of request, description of item, purpose of request, and the requested vendor information. The completed Budget Request Form is to be submitted to the requestor's department Vice President for approval. Items over \$100.00 in value must also be referred to the College President for approval. Once approved the Budget Request Form will be forwarded to the Finance Office for approval and purchase.

Intellectual Property

In the course of research, scholarship, education, and other activities, The Millard College faculty, staff, and students may create patentable inventions, copyrightable works, and other forms of intellectual property that merit legal protection and have financial as well as scientific and scholarly value. The Millard College seeks purposeful translation of such intellectual property to societal good whenever possible. The Millard College is committed to timely assessment of legal protection and potential societal benefit of College intellectual property. The purpose of this policy is to define the rights and responsibilities of The Millard College and its faculty, staff, and students with respect to ownership and administration of intellectual property.

Intellectual property refers to all forms of technology and expression whose ownership is subject to legal protection in the United States and/or internationally, including but not limited to patents, copyrights, mask works, trademarks and service marks, tangible research property, and rights in data and other proprietary information. Patentable discoveries and inventions may include any new and useful process, machine, article of manufacture, or composition of matter. Copyrightable works include written and graphic works, computer software, and photographic, video, and audio works. A mask work is a visual representation of a semiconductor chip. A trade or service mark is a word, name, symbol, or device used by an organization to identify its goods or services. Tangible research property includes matter such as biological materials, prototype devices, and engineering designs. Protectable data includes the recorded factual material as well as supporting materials such as experimental protocols and code written for statistical analyses commonly accepted in the scientific community as necessary to validate research findings.

Intellectual property created by faculty or staff, or by students working on The Millard College research or other College projects, is owned by The Millard College if it is created either:(a) within the scope of The Millard College employment, including work under College grants and contracts with third parties; or (b) with significant use of The Millard College Resources.

If the intellectual property is created outside the scope of The Millard College's employment and without any significant use of The Millard College Resources, the individual will own the intellectual property.

Academic and Education Programs

Distance Learning

The Millard College provides education services through Distance Learning. Distance Learning is education that uses one or more technologies to support and deliver instruction to the student while the student and instructor are separated.

Delivery Format

Online classes are offered in an asynchronous format where the student and instructor will communicate through discussion boards, Populi system, email and telephone conversations. Practicum classes are offered in a blended format where the student will be required to be present onsite at their approved practicum location with their onsite supervisor as well as using discussion boards and completing assignments on the Populi system.

Verification of Student Identification

Before being officially admitted to The Millard College individuals shall submit an application for admission, produce a proper form of identification and High School, GED and/or college transcripts. Once individuals are accepted into The Millard College, the individual will be given secure login credentials and passwords to access student email, Populi Learning system, Library resources, and any other college systems. Students are not to share their login credentials or passwords with any other person.

Transfer of Credits

The Millard College generally awards transfer of credits earned at institutions of higher education which are accredited by an accreditation organization and recognized by the U.S. Department of Education. In order to be considered for transfer of credits, a student must inform the Millard College office of admissions of the request to transfer credits and submit official college transcripts from the institution in which the credits were earned.

Consideration for transfer of credits will be based upon an analysis of whether:

- The courses are within direct alignment of the specific subject matter.
- The educational quality of the learning experience.

- The comparability of the nature and content of the learning experience.
- The appropriateness of applicability of the learning experience in light of the student goals.

Once the transfer of credit request has been made and official transcripts are received, the Office of admissions shall refer the request to The Millard College Registrar's office for consideration and approval. The Registrar's office will notify the student of credit decisions.

Credit Hours, Cost and Program Length

Credit Hours

The Millard College uses a combination of online instruction (synchronous and asynchronous), assignments, discussion boards, practica, and internships to deliver its blended course content. Each credit hour is awarded based on the equivalence of 1 hour of instruction plus 2 hours of outside work per week for 15 weeks.

Work Ready Certificate (20-21 weeks)

The Work Ready Certificate consists of five four-week courses, plus, in some cases, a final one-week capstone project. The entire program requires 20-21 weeks of approximately 5 months and 1 week.

Cost and fees

Each class will have a \$30.00 technology fee and a \$75.00 Literature fee.

The cost of one credit hour is \$240.00

For Late Written Work

Required notes, papers, or projects are due at the time appointed by the professor. When it is not possible to submit such work on time, the student should consult the professor, who may at their discretion grant an extension time not beyond one month after the last day of the semester.

Scholastic Dishonesty

All scholastic dishonesty, especially within the context of a Christian college, is unacceptable. Scholastic dishonesty includes cheating on exams, turning in reports and term papers as one's own when they are not, lying, stealing exams and other work, allowing other students to copy one's work in order to meet a grade requirement for a course and plagiarism. Plagiarism is defined as passing off as one's own the ideas of another. Copying or summarizing another's ideas in a written or oral report must be correctly attributed to the source. Any of these aforementioned offenses warrant academic discipline. Offenses may be subject to review by the Student Success Committee and severe penalties. Disciplinary measures may include: re-doing the work, automatic failure of the course, probation, suspension, and/or expulsion.

Examinations

All students are required to take their tests and their final exams at the time they are scheduled, unless previously excused by the professor. Tests from which a student has been excused by the professor must be taken before the week of final exams. When a professor requires that a student make up a test or quiz which was missed due to an absence allowed by school policy, it should be made up within a period of no longer than three weekdays following return to campus or school activity. If a final examination needs rescheduled, the student should contact the instructor.

Advising

All TMC students are responsible for compliance with the contents of the TMC catalog including requirements, procedures, and regulations. Students typically follow the program requirements in effect at the time of their first registration at the College, provided students attain a certificate within six years. TMC reserves the right to amend, delete, or modify any requirements with or without notice. It is the student's responsibility to be current with degree requirements. Academic advisors assist students by explaining requirements and procedures, but the student is ultimately responsible for knowing and following the requirements, policies and procedures governing their progress. The following list outlines student responsibilities in the advising process.

Attendance Policy

Regular and punctual class attendance is required for students to gain the greatest value from their educational experience. Therefore, students are expected to attend and participate in all class sessions for which they are registered. When students are unable to attend, they are expected to communicate with the professor through TMC email. Students are responsible for their attendance. Students shall adhere to any attendance requirements as stated on the class syllabus.
